

POSITION OPENINGS FOR
CHILD PSYCHOLOGIST
Shrewsbury/Lexington/Norwood/Weymouth, MA

Position: Child & Family Psychological Services/Integrated Behavioral Associates is looking to hire full-time or part-time Child Psychologists. The positions predominately include treatment and general assessment in the context of treatment with children and/or adolescents, and their families and has a flexible start date. The ideal candidate has competence providing evidence based psychotherapy with a broad spectrum of clinical presentations. However, individual specialties and interests may fit well. Group therapy experience and interest is highly valued.

Employee Compensation/Benefits May Include:

- Above average compensation package
- Health, Dental, Vision and Life Insurance Plans
- FSA/DCA/HSA plans
- 401K Plan with guaranteed employer contributions
- Compensation not primarily based on collections.
- A guaranteed minimum cash flow can be provided.

Please send cover letter and CV:

Zaranique Pope, SPHR, SHRM-SCP - Human Resources Manager

HR@cfpsych.org

- Existing health plan participation is not necessary.
- Must be licensed or license eligible in Massachusetts.
- Consideration of applications will begin immediately and will continue until the position is filled.
- Flexibility of a summer/Fall 2018 start!

Our Practice: Child & Family Psychological Services Inc. / Integrated Behavioral Associates is a private behavioral health care practice providing comprehensive evaluation, treatment, and consulting services since 1994. Our team of Board Certified Psychiatrists, Clinical Nurse Specialists, Psychologists and Social Workers strive to provide integrated services for children, adolescents, adults, families, and organizations.

We have an innovative clinical delivery services model and business plan designed to adapt to the changing health care system. As a multidisciplinary practice, we are able to offer a full range of services including psychiatric evaluations, psychological evaluations, neuropsychological evaluations, educational testing and individual psychotherapy, family therapy, and group psychotherapy. Our team of medical professionals provide psychopharmacological services for children, adults and seniors as well as Transcranial Magnetic Stimulation (TMS).

In addition to our extensive clinical staff, our group seeks to maximize the benefits of a group practice in terms of shared resources, a full administrative staff, and consistent referral streams, while maintaining significant clinical independence. We also provide peer consultation groups, have full time technology/media support, and we are APA approved to provide continuing education programs. We maintain a strong post-doctoral training program and will be part of an APA-approved internship consortium beginning in 2018.
