

POSITION OPENINGS FOR: ADULT PRIMARY CARE PSYCHOLOGIST Quincy, Massachusetts

Position: Child & Family Psychological Services/Integrated Behavioral Associates seeks two full-time Adult Primary Care Psychologists. These positions serve the integrated behavioral health program of a major primary care practice in a new location in Quincy Center. The candidates will be responsible for providing brief behavioral health assessment, triage, and treatment services to primary care patients; consultation and support to PCPs and other medical staff; and some traditional outpatient mental health services. In addition to exceptional generalist clinical skill, the ideal candidates will also have a solid foundation in health psychology theory and interventions (e.g. CBT-I, chronic pain management, weight management, diabetes self-management). Experience with primary care practice is a plus, but training can be provided to the right candidates. Candidates who are bilingual and comfortable providing therapy in Cantonese and English are particularly encouraged to apply. The position is embedded 2-3 days per week in primary care. The other days will be in our Quincy outpatient behavioral health office.

- All inquiries are strictly confidential.
- Existing health plan participation is not necessary.
- Doctoral degree from an APA-approved clinical, counseling, or school psychology program is required.
- Must be licensed or license eligible in Massachusetts.
- Consideration of applications will begin immediately and will continue until the position is filled.

Employee Compensation/Benefits May Include:

- Above average compensation package
- Health, Dental and Vision Plans
- Flex Spending, Dependent Care & Health Savings Account Plans
- 401K Plan with employer contributions
- Compensation not primarily based on collections.
- A guaranteed minimum cash flow can be provided.

Please send cover letter and CV to:

Emily Mohr, Ph.D.
Regional Director of Integrated Behavioral Health

Our Practice: Child and Family Psychological Services PLLC / Integrated Behavioral Associates is a private behavioral health care practice providing comprehensive evaluation, treatment, and consulting services since 1994. Our team of Board Certified Psychiatrists, Clinical Nurse Specialists, Psychologists, Social Workers and Counselors strive to provide integrated services for children, adolescents, adults, and families.

We have an innovative clinical delivery services model and business plan designed to adapt to the changing health care system. As a multidisciplinary practice, we are able to offer a full range of services including psychiatric evaluations, psychological evaluations, neuropsychological evaluations, educational testing, psychopharmacology and individual, family and group psychotherapy, and transcranial magnetic stimulation (TMS). We also offer telehealth options for psychotherapists to use adjunctively with established patients as they deem appropriate.

In addition to our extensive clinical staff, our group seeks to maximize the benefits of a group practice in terms of shared resources, a full administrative staff, and consistent referral streams, while maintaining significant clinical independence. We also provide peer consultation groups, have full time technology/media support, and provide continuing education throughout the year. CFPS also participates in an APA-approved internship program and maintains and post-doctoral program.
