Our Practice: Child & Family Psychological Services Inc. is a private behavioral health care practice providing comprehensive evaluation, treatment, and consulting services since 1994. Our team of Board Certified Psychiatrists, Clinical Nurse Specialists, Psychologists and Social Workers strive to provide integrated services for children, adolescents, adults, families, and organizations.

We have an innovative clinical delivery services model and business plan designed to adapt to the changing health care system. As a multidisciplinary practice, we offer a full range of services including psychiatric evaluations, psychological evaluations, neuropsychological evaluations, educational testing and individual psychotherapy, family therapy, and group psychotherapy. Our team of medical professionals provide psychopharmacological services for children, adults and seniors as well as Transcranial Magnetic Stimulation (TMS).

In addition to our extensive clinical staff, our group seeks to maximize the benefits of a group practice in terms of shared resources, a full administrative staff, and consistent referral streams, while maintaining significant clinical independence. We also provide peer consultation groups, have full time technology/media support. We are APA approved to provide continuing education, maintain a post-doctoral training program and are part of an APA-approved internship consortium.
