

POSITION OPENING FOR GEROPSYCHOLOGIST

Position: Full-time (part-time considered) psychologist with expertise treating geriatric patients. The position is primarily focused on treatment of geriatric patients on an outpatient basis and assessment in the context of treatment. The ideal candidate would also have interest in non-geriatric adult patients. This position may include time in an integrated primary care site. This professional would join a team that includes psychiatrists, psychologists and neuropsychologists with geriatric training and expertise. This position will be based in Weymouth, Quincy, and/or Norwell, MA.

Employee Compensation/Benefits May Include:

- Above average compensation package
- Compensation is not primarily based on collections.
- A guaranteed minimum cash flow/pay can be provided.
- Paid sick time
- Employer contributions to BCBS Health Plan
- Dental and Vision Plans
- Health Savings or Flex Spending Account
- Dependent Care Account
- 401K Plan with employer match

Please send cover letter and CV: HR@cfpsych.org

- All inquiries are strictly confidential.
- Existing health plan participation is not necessary.
- Must be licensed or license eligible in Massachusetts.
- Consideration of applications will begin immediately and will continue until the position is filled.
- Candidates completing post-doctoral training in the summer/fall are encouraged to apply.

Our Practice: Integrated Behavioral Associates is a private behavioral health care practice providing comprehensive evaluation, treatment, and consulting services since 1994. Our team of Board Certified Psychiatrists, Clinical Nurse Specialists, Psychologists and Social Workers strive to provide integrated services for children, adolescents, adults, geriatric patients, and families.

We have an innovative clinical services model and business plan designed to adapt to the changing health care system. As a multidisciplinary practice, we are able to offer a full range of services including psychiatric evaluations, psychological evaluations, neuropsychological evaluations, psychopharmacology, transcranial magnetic stimulation (TMS) and individual psychotherapy, family therapy, and group psychotherapy.

In addition to our extensive clinical staff, our group seeks to maximize the benefits of a group practice in terms of shared resources, a full billing and reception staff, and consistent referral streams, while maintaining significant clinical independence. We also conduct regular peer consultation groups, have full time technology/media support, and we are APA Approved to provide continuing education. We maintain an active APA-Approved internship program as well as a post-doctoral training program.
