Our Practice: Child & Family Psychological Services Inc. / Integrated Behavioral Associates is a private behavioral health care practice providing comprehensive evaluation, treatment, and consulting services since 1994. Our team of Board Certified Psychiatrists, Clinical Nurse Specialists, Psychologists, Social Workers and Counselors strive to provide integrated services for children, adolescents, adults, and families.

We have an innovative clinical delivery services model and business plan designed to adapt to the changing health care system. As a multidisciplinary practice, we are able to offer a full range of services including psychiatric evaluations, psychological evaluations, neuropsychological evaluations, educational testing, intelligence testing, achievement testing, developmental evaluations psychopharmacology and individual psychotherapy, family therapy, group psychotherapy and transcranial magnetic stimulation (TMS). We provide support and training for clinician interested in telehealth which may allow providing services from a home office.

In addition to our extensive clinical staff, our group seeks to maximize the benefits of a group practice in terms of shared resources, a full administrative staff, and consistent referral streams, while maintaining significant clinical independence. We also provide peer consultation groups, have full time technology/media support, and we are APA approved to provide continuing education programs. Additionally, we have an active post-doctoral training programming and will be participating in an APA-approved internship consortium.
