Existing health plan participation is not necessary.

Must be licensed or license eligible in Massachusetts.

**Our Practice:** Child & Family Psychological Services Inc. / Psychological Care Associates is a private behavioral health care practice providing comprehensive evaluation, treatment, and consulting services since 1994. Our team of Board Certified Psychiatrists, Clinical Nurse Specialists, Psychologists, Social Workers and Counselors strive to provide integrated services for children, adolescents, adults, and families.

We have an innovative clinical delivery services model and business plan designed to adapt to the changing health care system. As a multidisciplinary practice, we are able to offer a full range of services including psychiatric evaluations, psychological evaluations, neuropsychological evaluations, psychopharmacology and individual psychotherapy, family therapy, group psychotherapy and transcranial magnetic stimulation (TMS). Our clinicians are also embedded in medical offices throughout eastern Massachusetts. We also offer support and training for clinicians wishing to provide **telehealth services** from our offices and their own home offices.

In addition to our extensive clinical staff, our group seeks to maximize the benefits of a group practice in terms of shared resources, a full administrative staff, and consistent referral streams, while maintaining significant clinical independence. We also provide peer consultation groups, have full time technology/media support, and we are APA approved to provide **continuing education** programs. Additionally, we have an active post-doctoral training programming and will be participating in an APA-approved internship consortium.

Our new Quincy location is a brand new professionally designed build out with excellent sound proofing, new furniture and computers in every office.
